Your tasks today are :

1. Give your presence in Google Classroom.
2. Make a video to present about "the usage of 'so...that and such...that'"
3. Send your video by Google classroom / whatsapp.
4. Do this exercise and submit it by Google classroom / whatsapp.

Activity 1: Reading Comprehension

Read the following text! Then answer the questions!

I have moved to a village for two months. At first, I felt that it was so far that the journey took two hours, but I'm fine. The air is so fresh that I always enjoy my morning by jogging. The villagers are such friendly people that I like to gather with them. My mother is such a funny woman that some neighbors always come to my house to chat with her. I'm really happy. One day, it was so cloudy that I walked faster to get home from school. Suddenly the rain came so heavy that I was difficult to run. I decided to find a shelter. I stopped in front of an old house. It has so large terrace that I could avoid the rain. It is such a unique house that I was amazed. An old lady came out. She was so wise that I appreciated her much. She gave me a cup of hot tea and some biscuits. They were so delicious that I ate many. We chatted while waiting for the rain stopped. After the rain stopped, I decided to go home. I thanked to the old woman. On the next day, I came to her house to return her umbrella which she lent to me. Unfortunately, I heard that she had moved to his son's house. She was so nice that I couldn't forget her.

Questions:

1. How was the writer's journey to her new village?

2. How were the villagers there?

3. How was the rain?

4. Why did the writer stop in front of an old house?

5. Why couldn't the writer forget the old woman?
